EXPERIENCE

Freelance Data Entry Projects (Oct 2024 - Present)

- Completed 4 freelance data entry assignments with 100% accuracy.
- Managed client data in spreadsheets and databases.
- Delivered projects on time while maintaining confidentiality.
- Developed attention to detail and efficiency in handling repetitive tasks.

Python Voice Assistant (Technical Project) (2026 - Ongoing)

- Explored Python libraries such as SpeechRecognition and PyAudio.
- Built a simple voice assistant to automate tasks.
- Debugged environment issues in PyCharm and improved coding skills.

EDUCATION

Bachelor of Computer Applications (BCA)

Kuvempu University, Thirthahalli, Shivamogga, Karnataka

Sep 2024 - Oct 2027 (Expected)

Pre-University Course (PUC)

Government Pre-University College, Thirthahalli

Completed in 2024

Secondary School (SSLC)

Government High School, Maluru

Completed in 2022

PROJECTS

Python Voice Assistant (Technical Project) (2026 - Ongoing)

- Built a simple voice assistant using Python libraries such as SpeechRecognition and PyAudio.
- Designed commands to automate basic tasks.
- Debugged environment issues in PyCharm, improving coding and troubleshooting skills.

SKILLS

Programming

Python
C Programming
Java (Learning)
HTML & CSS

Data & Analytics

Microsoft Excel
Data Entry
Data Analysis
Looker Studio (Learning)

Cybersecurity

Endpoint Security
Cybersecurity Fundamentals
Security Awareness
Threat Detection Basics
Professional Skills

AWARDS

NCC Certificate (A/B/C) -
Recognition for discipline,
leadership, and service.

NSS Participation Certificate
- Contribution to community
service and social activities.

Sports Achievements -
Represented college in Kabaddi
and Volleyball tournaments.

Certifications:

- Python for Everybody (Coursera)
- AWS Cloud Practitioner (Amazon)
- Cisco Cybersecurity Essentials
- YuvaApadmitra rescue

- Demonstrated ability to integrate speech recognition with real-world applications.

Freelance Data Entry Projects (Oct 2024 – Oct 2027)

- Completed 4 freelance assignments with 100% accuracy.
- Managed client data in spreadsheets and databases.
- Delivered projects on time while maintaining confidentiality.
- Enhanced attention to detail and efficiency in repetitive tasks.

Project Name — Detail

Python Voice Assistant

Hands-on project showcasing Python automation

Python

Automation

Learning Project

Built a simple voice assistant using SpeechRecognition and PyAudio. Debugged environment issues in PyCharm, strengthening coding and troubleshooting skills.

Still in progress, limited advanced features.

operations certificate

- State level NSS certifications
